

SONGBIRD

CHORUS

*I heard a songbird singing in the top of the trees,
It was a joyful sound with such a melody.
I couldn't help but wonder as he sang it to me,
What could the message be to his song?*

CHORUS

- 1 He sings a song of 'Sun, come up again!'
Sings a song of welcoming,
He sings to tell the world it's time for waking up,
So let a brand-new day begin!

CHORUS

- 2 He sings a song of 'Here's my territory!'
Sings a song of 'Look at me!'
He sings to tell the world he's looking for a partner
Who can start a family.

CHORUS

- 3 He sings a song of 'Life is wonderful!'
Sings a song of 'Here comes spring!'
He sings to tell the world that life is made for living,
There's a song in everything!
