

BECAUSE IT'S SPRINGTIME!

- 1 The birds in the trees, they're all singing a song,
Singing a song because it's springtime!
They're singing to me so I'm singing along,
Singing along because it's springtime!

CHORUS

*Spring has sprung, it's full of colour,
Blooming bright.
'New' has come, it's full of wonder,
Every little thing has started coming to life!*

- 2 The flowers around us are starting to bloom,
Starting to bloom because it's springtime!
The buds and the blossoms are wonderfully new,
Wonderfully new because it's springtime!

CHORUS

- 3 The bunnies are bouncing and hopping about,
Hopping about because it's springtime!
And everywhere 'round us there's life to be found,
Life to be found because it's springtime!
Everywhere 'round us there's life to be found,
Life to be found because it's springtime!
