

# Extracting PDFs and MP3s

## Words on Screen<sup>TM</sup> & Singchronize<sup>®</sup> Player

PDF document files (of the lyrics, music scores and teachers' notes) and MP3 files of each of the audio tracks for this songbook are supplied as part of the Words on Screen<sup>TM</sup> software.

Use of this software to extract and use PDF files and MP3 files is strictly regulated under the terms of the **Digital Single-User Licence** supplied by Out of the Ark Music with the product.

### Please Note:

If you also hold a current Out of the Ark **Digital Site Licence** that covers this product then additional file extraction and usage rights, including the saving of files to a network server, are granted for the period of the licence's validity – please refer to the terms and conditions of your licence. An Out of the Ark **Digital Site Licence** can be purchased online.

visit [www.outoftheark.com/licences](http://www.outoftheark.com/licences) for more information.

## Your Obligations

It is your responsibility to ensure that you are (or that your establishment is) the legitimate holder of a valid **Digital Single-User Licence**, and that you use the software only in ways specifically permitted by the licence issuer as stated below.

## Your Rights

In granting the following rights to the **Digital Single-User Licence** holder, no other rights are deemed to have been granted in relation to the extraction and use of the PDFs and MP3s. The rights apply regardless of whether the original software was supplied as a CD ROM, as a download or as streamed content, and regardless of whether the files are extracted from installed versions of the software, or directly from the CD ROM, or from the streamed version of the eSongbook.

Whether the licence holder is an establishment (eg a school, a church or a nursery) or an individual, the licence grants the holder the following rights:

1. To extract the PDF and MP3 files from the software using no more than one device belonging to the licence holder
2. To open the PDF and MP3 files on no more than one device belonging to the licence holder
3. To save the PDF and MP3 files on no more than one device (NOT a network server) belonging to the licence holder
4. To play the MP3 files on the device on which the files have been opened and/or saved
5. To view the PDF files on the device on which the files have been opened and/or saved
6. To print no more than one copy of each of the PDF files from the device on which the files have been opened or saved

**If you exceed any of the rights granted under the Digital Single-User Licence then your licence shall be deemed to be invalid and all rights shall be withdrawn.**
